In forwarding a copy of a letter from the President, District Board, Bellary, Dis. No. 961, dated 17th November 1911, I am directed to request you to be good enough to place it before the Mysore Darbar and to ascertain whether in the circumstances explained therein the Darbar will agree to link Hanagal in their territory with Ulavasankanahalli in the Kudligi taluk by the formation of a metalled road and also to repair the existing road from Rayadrug toHanagal.

Mysore Resident's Office,

Bangalore, the 11th January 1912.

No. 1958—1

A copy of the foregoing letter, with enclosure, is forwarded herewith to the Government of His Highness the Maharaja of Mysore with the request that the Resident may be favoured with the views of the Durbar in the matter.

Cancelled to LB 185-11

SC 1.

Copy of letter from the President of the Bellary District Board, Dis.No.961 dated 17th November 1911.

I have the honour to state that under Sir William Meyer's scheme the taluks of Rayadrug and Kudligi of this district have been formed into a separate revenue division and constitute a separate taluk board. These two talums are intersected by a projecting spur of the Mysore territory. There is no direct route linking the two taluks. The only route is that made by the light railway via Bellary and Kottur. The train service between Rayadrug and Kottur is very inconvenient as there is only one train in each direction. The length of the journey by rail from Rayadrug to Kudligi which occupies nearly 40 hours is a tedious burden on the time of touring officers. The Divisional Officer of Rayadrug proposes therefore to construct a direct road between Rayadrug and Kudligi a distance of 40 miles. This proposed road has to cross the Mysore territory - vide plan attached. From Kudligi to Gudekota there is a made road for 18 miles and thereafter there is a famine road for five miles as far as Ulavasankanahalli on the Mysore border. This famine road is however out of order and steps are being taken to put it in proper repair. In the Rayadrug taluk there is a fairly good road which is continued into the Mysore territory as far as Hanagal ~~and Ulavasankanahalli~~ in the Malakalmuruvu taluk of Mysore. This is said to be on the whole in fairly good condition. The distance between Hanagal and Ulavasankanahalli is only a little over five miles. If these two places are connected by a maintained road there will be much greater facility for traffic both of this district and of Mysore. Further it would afford an easy means to the residents of Mysore to get into the Bommagatta block (in the Kudligi taluk) which belongs to Mysore.

X not traced in Revenue office

2. I therefore request that Government may be pleased to move the Mysore Government to link Ha nagal and Ulavasankanahalli by a metalled road and also to repair the existing road from Rayadrug to Hanagal.

SIR,

I have the honour to acknowledge the receipt of your letter No.6147/L.B.185-11-6 dated the 4th March 1912, regarding the suggestion of the President of the Bellary District Board that the Kudlige Gudikote road be linked to Hangal in Molkalmuru Taluk.

2. The length of the proposed road between the frontier and Hangal will be 5 miles. It will be a very useful link connecting Kudlige on one side and Royadrug on the other. The cost in this black soil country will be roughly Rs 5,000 per mile, including minor culverts.

Jingihalla will have to be crossed, for the present, by a cause way. A bridge here may cost between Rs 20,000 to 25,000 as the catchment is large.

3. As this is a District Fund road, the Chitaldrug District Board may be consulted as to whether they are willing to take up its construction out of District Funds.
